Find out what police, council and young people are doing in Brent. Hear about the support to reduce drug use.

Visit stalls where you can ask questions of

- Police
- Council community safety officers
- Drug use reduction support workers for adults and young people
- People who have overcome their addiction and help others
- Young people involved in vaping and knife crime awareness campaigns

A large proportion of crime is linked to drug use. Everyone can be safer and healthier if drug use is reduced.
