

Colombia Week

Colombia week was lots of fun. The dance workshop was my favourite part. The dancers were talking in Spanish and I learnt many new words. I also recognised so words I already knew. Making the maracas was fun, I loved decorating them. We made music with them and the dancers danced on the music. **Eliza 5M**

Last week was Colombia week and it was so much fun. I loved the dance workshop because we used the maracas and the drums that we made. The movie Encanto was good, I love that they all have powers. In the workshop we learned about superpowers of our family members; my mum has the power of being polite- educada and my dad has the power of being helpful- útil. **Raisa 4U**

Colombia week was good because we took part in many fun activities. I enjoyed the most making the instruments and producing Colombian music following the beats and the tempo. I loved watching the Encanto movie and also taking part in the story workshop. I learnt a lot of new words and remembered some that I already learnt before. It was great! **Sami 3C**

Colombia week was really really good! I enjoyed the dancing with Fredy and Eli the most. We learnt the different dance moves in Spanish and also about their beautiful outfits, the country of Colombia and the flag. We learnt about all the characters in Encanto and their superpowers. We learnt some in Spanish like útil- helpful, curioso- curious, aventurero- adventurous. My superpower is that I am educada- polite. **Janae 2H**
